Fall/Winter are here! Please understand that given the fact that we are now in the shoulder months of the season, our hours of operation will be weather-based and will coincide with the hours of operation in the pro shop. The exceptions will be Wednesdays and special events.

Please make sure to speak to Josh about holding your special functions in the offseason. Holiday parties, Birthday parties, anniversaries, office lunches, etc. etc. We can accommodate just about any function. Not to mention our menu is very versatile and our cuisine is the finest in town.

It is the time of year we are usually watching football rather than making bogeys. However, the weather has hung in there and the golf course is still very playable. We must remember to be very careful with frost as the nightly lows are now below freezing. Jamie and his staff have successfully blown out the irrigation system. Snow mold protection will soon be applied in preparation of the winter months. Our hat's off to Jamie and the crew for the excellent job they did with golf course condition all year long. As is custom, following the irrigation blowout – our front nine will soon be closed for the offseason. The back nine will accommodate offseason play whenever possible. Please call the pro shop to confirm the back nine's availability before you come out.
